Let's try out Ehime Free Wi-Fi

How to use the Wi-Fi with your smart phone or tablet
Connection methods may differ depending on the location
Visit the website for detailed information on access locations and connection methods

First of all get your phone or tablet ready

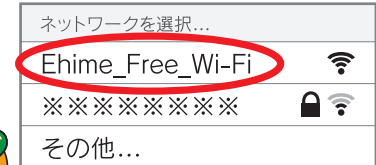

1

Here's what you have to do: Go to Settings and switch the Wi-Fi on

2

Select SSID "Ehime_Free_Wi-Fi" from the list of networks

I can't find "Ehime_Free_Wi-Fi" in the list!

There's obviously no signal so we'll have to find a place with reception

3

Open the browser
Wi-Fi can only be accessed if the browser is open

You may be asked to agree to the terms and conditions. Read through the terms and conditions and click on "Agree"

It's as simple as that
Have lots of fun using Ehime Free Wi-Fi
